EVENT & AUCTION GUIDE

A NOTE FROM KX 93.5 FOUNDER

Good evening, and welcome to KXclusive! I'd first like to thank The Montage Laguna Beach for allowing us to host this event on their unparalleled Grand Lawn and for their generosity to our radio station.

It's important for me to stop and reflect on the last few years. In two weeks, KX 93.5 will turn four-years old. In some ways, it all feels like yesterday, and, in others, it feels like we've been a part of Laguna Beach forever. And we only have one person to thank for that sentiment: You!

I came into this town as a tourist. A 23 year-old kid who was already jaded by the machine that is corporate radio wanting to do something more important and community-oriented. They say luck is when preparation meets opportunity, but, no, it was really just luck and a lot of persistence that landed KX 93.5 in Laguna Beach. Fortunately for me, I didn't even consider the fact that it might fail. Blind faith propelled me forward to turn on a transmitter that played "Generational Alt Rock," bring in members of the community, and broadcast high school football games. I sure didn't do any market research to see if Laguna really wanted that. Turns out, you did! And it's because of you that we continue to exist, that we continue to be supported, and we continue to be a crucial part of Laguna Beach.

So, nearly four years later, I'm proud to say that we've become much, much more than my original dream. We have an on-air staff of nearly 100 volunteers, we've featured more than 500 in-studio performances (most bands that have never been on the radio), we've highlighted more than 150 non-profits, and Jason Feddy has sung a story from our local police blotter mostly when he feels like it. KX 93.5 is no longer my dream; it is all of ours.

Our buzz word around the station this year has been "indispensable." What does that mean, exactly? The beauty is that it can mean something different to everyone, and there's no reason why our station can't be it all. We can be a discovery tool for new music. We can be an entertaining and informative storyteller. We can be a reliable daily source of news. We can be a medium that networks and connects Lagunans together. We can be an arts organization that helps Laguna Beach grow and evolve. I believe we are all that and more.

But each year - that ideal is threatened. Our radio station doesn't make money in a traditional way. Due to our non-commercial status, we cannot rely on major advertisers to fund us. This year, especially, has been a challenge because we cannot put on a major concert at Irvine Bowl due to construction. So, we turn to you, our supporters to make sure independent radio in Laguna is here to stay. We need your help more than ever.

Tonight, there will be an auction and an opportunity to make a donation to contribute to our emergency broadcasting services and reliability, which will be matched by the City of Laguna Beach. Please give your full attention and raise your paddle generously. The people here tonight will, in a literal sense, determine KX 93.5's future success.

Thank you for allowing us to realize our dream. And thank you for making it more than I could have possibly expected. Yours in community radio,

Tyler Russell
